

Independent School

PROJECT OVERVIEW:

1. Re contouring an unsuitable area of recreation ground into a top class grass athletics track and astro-turf hockey pitch.
2. Remodeling a large flat area into a first class golf academy for both school and public use.

REASON FOR UPGRADE:

To enhance the facilities of the school at no cost to the School.

CLIENT:

Independent School

CLIENT OBJECTIVE:

To improve these sport facilities to make them comparable and fitting with the rest of the schools facilities. This in turn will help the school attract a higher level of hockey scholar, plus create facilities that can help generate income from outside groups.

PROJECT LENGTH:

2 years from start to finish.

THE PLANS:

The finished project will include the following...

- A New Full Size Synthetic Hockey Pitch
- A New Relocated Running Track
- A Fully fitted 15 Bay Driving Range with state of the art Short Game Area and 20 bay car park

PROJECT SIZE:

The project covers 25 acres and involves the importation of 363,000 m3 of environmentally approved soil.
